What is your favorite part about being a student-athlete?

My favorite part about being blessed with this opportunity is getting the chance to meet new people every day, both in the classroom as well as during training.

What is your most memorable moment at Oregon State?

The first day of school when two teammates and I got lost on our way to class and it started pouring rain. We of course didn't think to bring umbrellas so I showed up late soaking wet in a white dress.

How has playing sports impacted your life?

Playing sports has given me the opportunity to grow and mature not only as an athlete, but as a person. I have learned so much about the importance of character, respect, leadership, and working with various people from all walks of life.

Who is your favorite professional athlete?

My favorite professional athlete is US Olympian Kerri Walsh.

Do you have any hidden talents?

I wish!

What's your favorite food?

I love all food but really enjoy eating healthy. Italian and Greek are my favorite kinds!

What advice would you give to kids that want to become a student athlete?

I would tell them that it's definitely a full-time job, but that if they really want it, then study hard and go for it because it's an experience I wouldn't trade for anything!
