

The home of the Oregon State University Beavers has had \$115 million in fiscal improvements completed since the 2005 season, including installation of a state-of-the-art video board, then the largest in the Conference at the end of the 2007 season. The east side of the complex houses some of the finest amenities in all of college and NFL football, including the popular Club and Loge levels.

Over the last six years the capacity of the stadium has increased by 11,000 and now features some of the best viewing in all of college football.

The OSU student-body sits directly behind the Beavers' bench along the east sidelines, with passionate fans in other sections. One of the unique aspects of the stadium is that the seating is close to the field, giving OSU a distinct home field advantage.

That home field advantage has helped the Beavers score some of the program's biggest wins in recent seasons, including snapping USC's 27-game Pac-10 Conference win streak in 2006 and then defeating the No. 1 Trojans in 2008.

Reser Stadium was originally known as Parker Stadium until June 14, 1999. At that time Al and Pat Reser of Beaverton, Ore., made a personal seven-figure gift to OSU athletics.

The stadium, which is located on the south side of campus, was originally built in 1953 at a cost of \$330,463.19 with a seating capacity of 28,000. Following the 1965 Rose Bowl, additional end zone bleacher seats were added to raise the capacity to 33,000. The stadium was expanded to 40,593 in 1967 with a new addition to the west side, including a new press box. Stadium capacity was reduced in 1990 as a result of the construction of the original Valley Football Center. In June of 1996, an enlarged Valley Football Center opened. The stadium's capacity is now 45,674.

Reser Stadium has become a shining monument for not only Athletics, but the entire University. "Beaver Nation" has embraced the upgrades to the facility that has become a source of pride for all of Oregon State University.

RESER STADIUM QUICK FACTS

Built: 1953

First Game: November 14, 1953 vs. Washington State

First Victory: November 14, 1953 vs. Washington State (7-0)

First Touchdown: Chuck Brackett (OSU) 1-yard run vs. Washington State, Nov. 14, 1953

First Touchdown Passing: John Hermann from Douglas Bradley (UCLA), October 23, 1954

First 100-yard Rusher: Ralph Carr (OSU) 107 yards vs. Washington State, Nov. 14, 1953

Biggest Crowd: 46,469 vs. Oregon, 2010

100th Victory: Aug. 28, 2003 vs. Sacramento State (40-7)

VALLEY FOOTBALL CENTER QUICK FACTS

Built: 1990

Expanded: 1996

Amenities: The three-story complex houses athletic training facilities, a food preparation center for training table, football video operations, coaches' offices, equipment operations, the OSU players' locker room, and team and position meeting rooms. The newest addition is the players' lounge opened during the 2010 football season and a trophy room was added to the coaches' office suite prior to the 2011 season. Re-modeling of the athletic training room was completed in the summer of 2012.

STUDENT SUCCESS CENTER QUICK FACTS

Built: 2012

Size: 30,000 square feet

Cost: \$14 million

Amenities: The three-story complex, opened in the summer of 2012, is adjacent to athletic facilities and numerous residence halls. It features classroom space, a computer laboratory, study lounge and commons area, as well as counseling offices, meeting rooms and tutorial spaces.

SPORTS PERFORMANCE CENTER QUICK FACTS

Built: 2008

Size: 20,000 square feet

Cost: \$16 million

Amenities: 46,000 pounds weights, a 60-yard four-lane sprinting track to build speed, state-of-the-art video and sound system including individual portals at its conditioning stations, 24 lifting platforms with 24 self-contained power racks and adjustable benches, cardiovascular area.

TOMMY PROTHRO FOOTBALL COMPLEX QUICK FACTS

Renovated: 2012 (photo as of July 2012)

Size: 2 full-size practice fields

Surface: The grass surface was replaced with FieldTurf during the spring of 2012 and now provides the Beavers with an outdoor practice facility that is usable year-round. Lights were also installed in the most recent renovation.

MERRITT TRUAX INDOOR CENTER QUICK FACTS

Built: 2001

Size: 85,000 square feet

Surface: FieldTurf

Cost: \$12 million

**OREGON STATE UNIVERSITY**

Oregon State University has always been a place with a purpose — making a positive difference in quality of life, natural resources and economic prosperity in Oregon and beyond. Through discovery, innovation and application, we are meeting challenges, solving problems and turning ideas into reality.

Founded in 1868, Oregon State is the state's Land Grant university and is one of only two universities in the U.S. to have Sea Grant, Space Grant and Sun Grant designations. Oregon State is also the only university in Oregon to hold both the Carnegie Foundation's top designation for research institutions and its prestigious Community Engagement classification.

As Oregon's largest public research university, with \$261.7 million in external funding in the 2011 fiscal year, Oregon State's impact reaches across the state and beyond. With 12 colleges, 15 Agricultural Experiment Stations, 35 county Extension offices, the Hatfield Marine Sciences Center in Newport and OSU-Cascades in Bend, Oregon State has a presence in every one of Oregon's 36 counties, with a statewide economic footprint of \$2.06 billion.

Oregon State welcomes a diverse student body of nearly 25,000 students from across Oregon, all 50 states and more than 100 countries. They can choose from more than 200 undergraduate and more than 80 graduate degree programs, including over 20 degrees offered online. Oregon State increasingly attracts high-achieving students, with nationally recognized programs in areas such as conservation biology, agricultural sciences, nuclear engineering, forestry, fisheries and wildlife management, community health, pharmacy and zoology.

Oregon State also ranks high in sustainability, fourth among universities nationwide for using renewable energy and first in the Pac-12 Conference. And our students literally help power the university: 22 exercise machines at Dixon Recreation Center are connected to the grid.

The 400-acre main campus in Corvallis includes a Historic District, making Oregon State one of only a handful of U.S. university campuses listed on the National Register of Historic Places. The district includes such icons as Weatherford Hall, the Memorial Union and Benton Hall, the oldest building on campus.

Oregon State is located in Corvallis, a vibrant college town of 55,000 in the heart of Western Oregon's Willamette Valley. Corvallis consistently ranks among the best and safest cities to live in the U.S., as well as among the most environmentally responsible.

Valley Library

Dr. Edward RAY

10th YEAR AT OREGON STATE
QUEENS COLLEGE (CUNY), '66

UNIVERSITY PRESIDENT

Dr. Edward J. Ray assumed the position of Oregon State University's President on July 31, 2003. Prior to coming to Oregon State, Ray was executive vice president and provost of The Ohio State University.

Under his leadership, OSU has completed and updated a visionary campus-wide strategic plan that is serving as the framework for the university's development in profound and historic ways. Annual research awards and contracts have increased and totaled \$261.7 million in fiscal year 2011.

President Ray has partnered with the OSU Foundation to launch the university's first comprehensive fundraising campaign. The public phase launched in October 2007 with a goal of \$625 million. By June 2012, the campaign total reached \$827 million, including \$139 million for scholarships and fellowships, 57 newly endowed faculty positions, and funding for key scientific and learning facilities like the Lois Bates Acheson Veterinary Teaching Hospital, the Hallie Ford Center for Healthy Children and Families, the Linus Pauling Science Center and four new cultural centers. Because of the campaign's tremendous momentum and success, it has been extended to 2014 with a goal of \$1 billion.

Mindful of OSU's commitment to the people of Oregon, Dr. Ray has overseen the expansion of dual-enrollment agreements to all 17 of the state's community colleges, making it easier for students to complete four-year degrees. He has also taken a leadership role in fostering a more seamless P-20 system, working with area school superintendents, community college leaders and university colleagues to strengthen institutional connections and enhance the student experience. Dr. Ray has also helped to usher in a new era of partnership and cooperation between Oregon's public universities.

Dr. Ray was a member of the economics faculty at Ohio State from 1970-2003, serving as economics department chair from 1976 to 1992. He served as an associate provost from May 1992 until May 1993, senior vice provost and chief information officer from 1993-1998, and executive vice president and provost from 1998-2003.

His research interests include the history of protectionism in the United States, the determinants of U.S. foreign direct investment and foreign direct investment in the United States, the structure of tariff and non tariff trade barriers in the United States and abroad and the adoption of Social Security. His work has been published in *The American Economic Review*, *The Journal of Political Economy*, *The Quarterly Journal of Economics*, *The Review of Economic Studies*, *The Review of Economics and Statistics*, and other leading journals. He has co-authored a principles text, and his book, "U. S. Protectionism and the World Debt Crisis" was published by Quorum Press in 1989.

Dr. Ray received his undergraduate degree in mathematics from Queens College (CUNY) in June 1966, graduating cum laude and Phi Beta Kappa. He earned his master's in economics from Stanford University in 1969 and his doctorate in economics from Stanford in June 1971.

Before becoming first lady at Oregon State, his wife Beth worked as a practicing attorney, taught business law courses as a faculty member in the Department of Finance at Ohio State University and most recently was a counselor and assistant dean in the College of Arts and Sciences while at Ohio State. They have three children and three grandchildren.

Bob DE CAROLIS

11th YEAR AT OREGON STATE

BLOOMSBURG STATE COLLEGE (PA), '76

DIRECTOR OF ATHLETICS

Director of Athletics Bob De Carolis was appointed to his current position on Aug. 28, 2002 by then OSU President Dr. Paul Risser and has since led the Beavers to unprecedented success on and off the fields of play. The popular De Carolis, who was selected the 2010 Football Bowl Subdivision West Region Under Armour Athletic Director of the Year by his peers, signed a five-year contract extension in April of 2011 that takes him through June 30, 2016.

De Carolis originally joined the OSU staff on April 20, 1998 as associate athletic director of internal operations; he was promoted to senior associate athletic director on July 1, 1999. Prior to coming to Oregon State, he spent 19 years on the athletic department staff at the University of Michigan.

Since arriving at OSU, De Carolis has developed and executed the financial recovery plan that helped the Department of Athletics eliminate a \$12.5 million accumulated deficit and grow the overall budget by more than \$25 million. At the same time, the department was able to not only maintain competitive teams, but also had its first winning football season in nearly three decades, its first winning men's basketball campaign in 15 years, the softball program made its first appearance in the College World Series and the baseball team competed in the College World Series for the first time in over five decades – capturing the 2006 and 2007 national championships. With him in a leadership role, the football program has played in nine bowl games, men's basketball captured the College Basketball Invitational (2009), and gymnastics has competed in the national championships seven straight years. OSU experienced one of its best athletic seasons in school history in 2011-12 with 12 of its 17 intercollegiate teams participating in postseason.

De Carolis has been responsible for hiring some of the most high profile coaches in OSU history, including Mike Riley (football), former U.S. Olympic coach Taras Liskevych (volleyball), three-time NCAA Coach of the Year Jim Zalesky (wrestling), Craig Robinson (men's basketball), Kelly Sullivan (women's track/cross country), Larry Liebowitz (women's swimming), Linus Rhode (women's soccer), Steve Todd (men's rowing), Emily Ford (women's rowing), Steve Simmons (men's soccer), and most recently Scott Rueck (women's basketball) and Jon Reehoon (men's golf).

He spearheaded the feasibility study for a plan that has expanded and renovated Reser Stadium to its current capacity of nearly 46,000. Improvements at the Stadium since the beginning of 2005 have included a new east side structure that houses some of the best amenities in all of college football, construction of the largest video board in the Pac-12 (as of 2007 season) and new seating in the south end zone. In all, approximately \$115 million in improvements to the football facility alone has enabled "Beaver Nation" to create one of the best home field advantages in the country. Beaver fans have responded with record ticket purchases.

Facilities have been at the forefront of De Carolis' goals and in the last year OSU has opened the Student Success Center (SSC), the OSU Boathouse and the Whyte Track and Field Center. The \$14 million SSC is a shared facility with the OSU campus, the \$2.5 million Boathouse opened in the fall

of 2011 and the first phase of the \$8 million track facility will officially be dedicated in September of 2012. OSU also broke ground in June on its four-story basketball practice facility that will be connected to the Sports Performance Center (SPC).

The SPC houses a 17,000-square foot strength training area and a 7,000-square foot wrestling practice facility. In 2009 and '12 Gill Coliseum underwent an exterior improvement project, in addition to the construction of a \$4 million sports medicine facility and women's basketball locker room. The Valley Football Center is also undergoing a continuing remodeling phase, with a recent student-athlete lounge opening.

In addition to the latest projects, De Carolis has also managed the recent completion of the home of the two-time national champion baseball team – Goss Stadium at Coleman Field. During his tenure the Merritt Truax Indoor Center and the OSU Softball Complex have been constructed, and the Tommy Prothro Football Complex and several locker rooms were renovated.

It's not all about wins, losses or new facilities; De Carolis has stressed the importance of being a total student-athlete and being a part of the community. With his leadership, nearly 50 percent of the entire athletic roster sports a cumulative GPA of 3.00 or higher. Community service hours have increased nearly 300 percent during his tenure and contributions for scholarships to the Beaver Athletic Student Fund have increased from \$6 million to over \$11 million.

De Carolis is also actively involved in national and conference level committees just having completed a stint as chair of the conference television committee, former chair of the conference budget and finance committee, and served on the bowl committee. He also has been active on numerous NCAA committees, including the Football Bowl Subdivision Issues Committee, the Student-Athlete Benefits and Financial Aid Cabinet, and the prestigious Management Council (MANCO).

He started his Michigan career in 1979 as an administrative assistant. He was promoted to assistant business manager in 1980; at the same time, he was also named the head softball coach. De Carolis was Michigan's softball coach from 1980 to 1984 and his Wolverines had a third-place finish at the AIAW national championships.

De Carolis was promoted from assistant business manager to business manager in 1983; in 1987 to assistant athletic director for business; in 1990 to associate athletic director for internal operations; in 1994 to senior director for financial operations; in 1996 to senior associate athletic director and became responsible for all athletic facilities and venues at Michigan.

Under his leadership as senior director for financial operations, De Carolis led negotiations with Nike for an all-school contract for athletic shoes and apparel – one of the first of its kind in the country. He established a long-term relationship with Pepsi-Cola for beverage rights, to all athletic venues.

De Carolis also spearheaded a "gift brick" donor program for Michigan Stadium, developed a comprehensive capital improvement program and coordinated the development of a master plan for the renovation of Michigan Stadium.

De Carolis is a 1976 graduate of Bloomsburg State College in Bloomsburg, Pa., with a B.S. in business education. He received a Master's of Science degree in sports management in 1979 from the University of Massachusetts. During his undergraduate days at Bloomsburg, he was a two-year letterwinner in football and baseball from 1973-75.

He got his first taste of coaching at Bloomsburg State when he served as an assistant coach in baseball and football from 1976-78.

In the fall of 2008 he was awarded the Harold VanderZwaag distinguished alumnus award from UMASS. In the fall of 2009 he was inducted into the Bloomsburg University Hall of Fame.

Bob is married to the former Sandra Taylor and they have three children, daughter Lyndsay, a 2011 graduate of the University of Michigan, and twin daughters Lauren and Hayley. Lauren is a sophomore at the University of Wisconsin and Hayley is a sophomore at California Polytechnic State University (SLO).

HISTORY OF OSU SIDS

There have been only six Sports Information Directors in Oregon State's history. Oregon State's current SID, Steve Fenk, joined the OSU staff in September of 1990 as the men's basketball SID. It was not until 2004 that he took over as the Interim Sports Information Director for the entire department. In 2006, Fenk received a permanent appointment as an Assistant Athletic Director for Communications.

A complete list of OSU Sports Information Directors follows:

Art Taafe	1924-37
Bud Forrester	1937-41
Irwin Harris	1942-51
John Eggers	1952-79
Hal Cowan	1976-2004

PLAYOFF COMING IN 2014-15

On June 26, 2012, the BCS Presidential Oversight Committee agreed to launch a four-team playoff beginning with the 2014-15 season. The new format will continue at least 12 years, through the 2025-26 season.

The semifinals will be rotated among six bowl games and will be played either New Year's Eve or New Year's Day. The championship game, to be managed by the 11 conferences and rotated among neutral sites every year, will be on a Monday at least six days after the last semifinal game.

A selection committee will rank the teams for the playoff.
